

AZSTEC

To whom this may concern

As a note of introduction, I am Imtiaz Munshi, President of Azstec, LLC, a software technology company. Azstec has pioneered technology in the document security space. I am also a CPA in public practice for over 35 years and owner of Munshi CPA, P.C., a tax and business advisory firm. My businesses are located in Sugar Land, Texas. My CPA firm has been instrumental in helping with the design and testing of Azstec's security software called docNCRYPT.

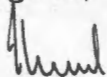

In my capacity as a CPA, I have worked with Nozer Buchia for over 15 years and have watched him successfully grow, operate and manage several businesses and companies. I have also watched him assist several entrepreneurs, professionals & companies utilizing his professional services and expertise to help grow their business to the next level. I have personally worked with Nozer on several occasions with his clients, and have observed his commitment, his experience, and above all his vision in assisting them prepare and develop their internal growth plan for success.

Over the years that I have worked with Nozer, I have found him to be a reliable and trustworthy individual.

Nozer is currently assisting me in raising capital and helping in the branding and marketing for the venture that I have pioneered in the technology security space called docNCRYPT.

I highly recommend Nozer to anyone seeking to grow their business and also to those seeking to raise capital for their ventures.

Regards,

Imtiaz Munshi, CPA
